What we fix

Pacific Plumbing

01 Whole-home repiping SPECIALTY
Old galvanized or leaking lines replaced with PEX or copper, pressure tested.

02 Drain cleaning
Sinks, tubs, toilets and main lines. No chemicals down your pipes.

03 Water heaters
Repair or replace, tank and tankless. Old unit hauled away.

04 Leak detection & repair
Walls, ceilings, floors and slabs. We open only what is needed.

05 Repairs & fixtures
Faucets, toilets, disposals, valves. Small jobs welcome.

How the free estimate works

- Call, or scan and send a request.
- We come out and look at the job.
- You get the full price before any work.
- Yes or no. Asking costs nothing.
